

# Specialised superyacht solutions

The daily operations of vessel and crew management is complicated and time-consuming. iBos shows how you can put all your administration in one place

● -Bos – a company that specialise in superyacht solutions either on-board the yacht or with a shore based administration staff and/or management companies. Our widely used crew management solution called Cello Marine can manage your crew personal details, crew certification requirements, leave scheduler and full payroll including emailing payslips. We have now also developed a module to calculate Malta Social Security to help the corporate service providers using our solution.

To compliment Cello Marine, i-Bos specialises in developing a full range of multi-currency financials, including expenses with Access Financials and bespoke marine-specific document management, using Laserfiche. Both Access Financials and Laserfiche are connected through an API so all information only need be loaded once. We are also linking a digital signature platform for use with the signing of seafarer contracts etc.

i-Bos provides a number of consultancy services. Our team has over 40 years experience in installing and commissioning the latest software in a number of applications, from multi-currency financials to stock and procurement application through payrolls and CRM's systems. i-Bos has the resources and the know-how to help you make the right choice and get the solutions that fit your business. All our solutions can either stand alone or interface together to complete all administration requirements.

We understand that the decision to implement a new business solution is not taken lightly. The commitment shown by your supplier is just as important as the software itself. i-Bos Limited offers a comprehensive service, beginning with pre-sales consultancy and extending into full support for the lifetime of your system.

To find out more about our development process, select a stage below:

- Pre-Sales Consultancy and Project Management

- Implementation and Configuration
- Post Implementation Support

Once your new system is in place, our experts will configure it to your precise business needs. This may involve anything from setting up user profiles for members of staff to re-designing your report pack. Again, we are acutely aware of the need for minimal disruption to your business activities. Our highly experienced technicians are will work closely with your team to ensure configuration proceeds to schedule and we give the same care and attention to subsequent system upgrades and software enhancements. ■

### ABOUT i-BOS

*We are a company based on the Isle of Man and have been in business for 12 years. Our specific Cello Marine solution is developed in house with extensive support and in-house modification capability when requested. We can tailor the product for use as just a payroll solution or a Leave calculator to cope with shift patterns, flight details, rotation etc. Cello holds as much personal data as you wish to enter from name and date of birth, to bank accounts, qualifications, addresses and salary details. Contracts can be created easily, both whilst on probation or full term or temporary and will feed through to the payroll solution if required.*
